UpperCrust Wealth Fund

Multicap: Core and Satellite

We follow a long-term, focused investment philosophy—owning quality businesses that can consistently compound in value over the years.

Our twin aim is to invest in high-quality businesses that deliver superior returns on capital—greater than the economic profits of the country—and to avoid companies that rely on leverage to chase growth at an expensive price.

A thoughtful mix of core holdings and carefully selected satellite opportunities across cycles helps us create alpha.

Active Management

To beat the benchmark and deliver decent double digit risk adjusted returns through Active Management.

Alpha Generation

A handcrafted portfolio with better stock / sector selection and rebalancing that provides a decent 2 digit alpha to the portfolio.

Bespoke Portfolio

Unique portfolio for each client consisting of Core & Satellite MOAT stocks.
